

MINISTRIES OF CARING - PARISH NURSE

WELLNESS COMMITTEE

Those on this committee are Health Care Professionals who assist the Parish Nurse in many ways. Meetings are held usually every other month on the first Wednesday of the month.

PASTORAL CARE

Those in this ministry are Eucharistic Ministers who can bring the Eucharist, caring and food from the freezer to nursing homes, the homebound, or ill of the parish. The commitment is weekly or every other week on the day you prefer. Questions may be referred to the parish nurse, Judy Glancy.

FOOD FOR THE FREEZER

This is a ministry that everyone in the parish could help with once or twice throughout the year. It is so appreciated by those who are homebound, ill or just had a new baby. You would provide freezer meals in 2 portion servings and would sign up for the months you prefer. Too much food for your family? Why not box up your left overs for the freezer meals. Additions to the food in the freezer are always welcome. Questions may be referred to the parish nurse, Judy Glancy.
